We strongly recommend that the latest invoice data is uploaded before a claim is submitted so that we are working with the most recent invoice information for the Buyer being claimed.

- Once logged into TradEnable Xtra, you will be presented with the Dashboard. Enter the Buyer List on the top right of the Dashboard which is highlighted on the screen below.

- Identify the relevant Buyer on which you wish to submit the claim from the list by selecting the Buyer Name.
- This will open the Buyer screen below. The highlighted Claims tab should then be selected to begin the claims submission process.

4. You will then see a summary of the Claimable Transaction on the Buyer file and have the option to view the Outstanding Invoices to ensure the latest uploaded data reflects the amount being claimed. When the amount being claimed has been confirmed, you should select Initiate a Claim.

10. TradEnable TradEnable Xtra now provides you with the ability to upload various types of documentation to AIG as part of your claim submission. By providing these documents to AIG as early as possible, you will be able to benefit from the most efficient claims process possible, from agreeing liability of the claim through to indemnification.

For each claim, please provide the following documents:

DOCUMENT	DESCRIPTION	NOTES
Claim Form Mandatory	Document to be signed by the authorized representative of the insured which is required to formally make a claim on the Policy.	TradEnable Xtra automatically generates this document for you to download, execute and upload.
Contract of Sale and Transaction Documents Mandatory	The terms and conditions agreed between you and the Buyer concerning the claimed transactions which may include invoices, shipping documents and purchase orders.	Where there is a large number, a reasonable sample size of each document type may be provided.
Payment Instructions Mandatory	These are the details of the bank account to which you wish a claim payment to be made.	Preferably this will be provided on your letterheaded paper.
Correspondence & File Notes	Any email and/or written communication with the Buyer regarding the claimed goods and the steps taken to request payment of the invoices.	Optional but recommended. Please try to provide this to enable the adjuster to determine the liability position as quickly as possible.
Insolvency Documents	Where applicable, the documents confirming the formal insolvency of the Buyer.	Upload documents concerning the insolvency or pre-insolvency proceedings of the Buyer.

AIG will be notified of the claim submission and be able to view the documents uploaded when the claim is submitted and at any later point in the event you wish to upload further documentation. An adjuster will contact you via email with further updates regarding the status of the claim. Once the claim is allocated an AIG claim number, the Loss Status field will update along with the Status field which will be amended to Paid in the event the claim is agreed and paid.
